

Team Sport Beans/NTTC
Pro/Elite Team Camp
Fairfield, CA
February 7 to 10, 2008

For the second year, the Pro/Elite members of **Team Sport Beans/NTTC** came to Fairfield, CA near the Jelly Belly headquarters for a pre-season camp. This year's camp was held from February 7 to 10 and included a team photo shoot, media training, and a VIP tour of the Jelly Belly plant (see photo below) to see how Jelly Belly® jelly beans and Sport Beans® are made. Of course, there was also time for training, with members hitting the pool, going on runs, and using the workout rooms. The team also enjoyed several very nice dinners, which were hosted by the wonderful folks at Jelly Belly. "Camp was, once again, a great opportunity for the team members to get to know one another better before the racing starts and to build team spirit," said team director Mark Wendley. "I think our whole team would agree that it was very worthwhile and a lot of fun!"
